Serial No

From the Municipal Comm Bellary
Agenda 1095, dt 25-1-46
States that the Health officer has suggested that Carcases from Slaughter houses must be transported in closed Van to the respective Stalls in the City, instead of on Carts, etc and requests sanction to the recurring and non-recurring charges of Rs 3940 per annum and Rs 10,000, respectively

1) It is proposed to purchase a lorry at a cost of Rs 10,000/ for to serve as a Municipal Covered Van to carry the Carcases to all the Stalls for delivery

2) The recurring & non-recurring would be Rs 3940 per annum

3) It is also proposed to levy a fee of six pies per sheep, for such a delivery by Van and an income of Rs 6750 per annum is anticipated from this source

4) It is not quite clear why the arrangement should be undertaken by the Municipality in the case of Mutton, Beef & Pork

NOTE—Contn Sheet

31/1

Serial No

be seen from the file putting — NM 106-45.
that the slaughter house bylaws in force there have been so amended as to enforce that the carcasses of animals slaughtered in the slaughterhouse are carried by the lessees only in closed vans or carts, for which a specification is also given.
If the bylaws in force in Nlwk are not amended similarly, it must meet the requirements of the case when the relevant file is put to the expr for which sanction is sought (recurring Rs 394 and non-recurring Rs 10,000).
It is anticipated that some revenue of Rs 6750 p a would be derived by the levy of a fee of Re 1 per sheep for transporting the carcass in the NL van to the place of sale (mutton stalls). Even in this case the bylaws would have to be revised to levy the fee. At this rate the amount that is estimated to be derived would be Rs 3375 p a — much less than the recurring expre of Rs 3940 p a.
3) Having regard to the above facts an enquiry may be made if, instead the departmental arrangement proposed would not be sufficient to amend

the byelaws in this behalf so as to authorize the lessees themselves to convey the carcass in covered vans etc

From the Municipal Town Clerk
A2-c 49/45-46 dd 21-5-46

States that the Council feels that the proposal made by it, in the matter of arranging the removal of carcases departmentally is the best, and requests sanction thereto and adds that the bye laws would be suitably amended by the levy of a fee of Six pies per carcases is to be enforced.

TYPING SECTION
16 MAR 1946
GEN & REV SECTT

11) It is seen from the proceedings that the Municipal Council is urging for sanction to its original resolution, in regard to the Departmental management of the removal of carcases on the ground that a promise had been held out to butchers that the relief would be given by the Municipality, which had also raised the gate fee to 0-3-6, from 0-3-0

12) But this proposal is not in the interest of the finance of the Municipality, as the recurring and non-recurring charges would be Rs 3840- per annum and Rs 10,000- respectively

13) A sum of Rs 33,75- per annum is expected to be realised by enhancing the levy on each carcass by six pies

14) The question relates to the transport of Carcasses in a closed Van by the Blackcat Mail from the slaughter houses to the respective Stalls in the

the 27/5

City, instead of in Cents as at present
The recurring & non-recurring Charges
for this purpose are estimated at
Rs 3940/- p.a & Rs 10,000/- respectively
The realisation by the levy of a fee
at Rs 2 per sheep slaughtered is
anticipated to come up to Rs 3375/- a
This means an amendment of the Cattle bye laws
The details of the scheme are
set forth in the detailed note
enclosed on the file

At first sight, the proposal appears
to be quite good & is no doubt
designed in the interest of the health of
the inhabitants of Bangalore city
The financial implications of the
scheme are rather hot favourable
for the MCC, since the expenditure is
likely to be more than the income

FROM

SAFI DARASHAH, ESQ, B A,
MUNICIPAL COMMISSIONER,
BANGALORE CITY

To

J B Mallaradhya, Esq , I' A ,
Secretary to the Government of Mysore,
Revenue Department, Bangalore

SIR,

Subject - Transport of carcases in a closed van

I have the honour to state that the Health Officer suggested that carcases from the slaughter houses might be transported in a closed van(to the respective stalls in the City) instead of on carts etc , and that the recurring and non-recurring charges for this purpose would be Rs 3940/- per annum and Rs 10,000/- respectively (copy of the Health Officer's report is enclosed)

2 This suggestion of the Health Officer was placed before the Municipal Council They have at their meeting held on 17-9-1945 approved the proposal of the Health Officer with the modification that the fee to be charged for delivery by van should be six pies per sheep instead of one anna as suggested by the Health Officer

3 A copy of the said resolution of the Municipal Council is herein enclosed for favour of obtaining sanction of Government thereto

I have the honour to be,
Sir,
Your most obedient servant,

Municipal Commissioner

Forwarded with compliments
Hon President

Report No To 351/45-46 dated 14th August 1945 from the Health Officer City Municipality, Bangalore

Submitted to the Municipal Commissioner

Sub Transport of carcáses in a closed van

The carcases from the Slaughter House are now being transported by the butchers on Bicycles, Carts and in Baskets exposed to dust and flies Some people are seen squatting on the carcases The Meat is therefore liable to be contaminated

It would be better to have a Municipal Covered Van lined with Tin to carry these carcases to all the stalls for delivery and a fee of 0-1-0 anna per carcass transported may be levied On an average 300 animals are slaughtered in the Slaughter House which yields an income of Rs 18-12-0 a day at 0-1-0 anna per carcass

The financial implication of the scheme is -

	Non-recurring	Recurring
The Capital investmert on the purchase of a Lorry and constructing a body	Rs 10,000	
One Driver on Rs 40/- P M		Rs 480/-
One Cleaner on Rs 15/- "		180/-
Petrol (4 gallons a day on an average)		2,880/-
Miscellaneous charges		400/-
	Total	Rs 3,940/-

Income at Rs 18-12-0 per day or Rs 6,750/- per annum

Recurring expenditure 3,940/-

Savings Rs 2,810/-

'Copy'

Municipal Commissioner

Proceedings of the meeting of the Council dated 17-9-1945

Sub 19 Health Officer's suggestion in the matter of arranging removal of carcases in a closed van, involving a non-recurring expenditure of Rs 10,000/- and a recurring expenditure of Rs.3940/- per annum

Subjects 19 and 64 were taken up together as they related to the same subject matter

Mr G Nanjappa observed that the proposal of the Health Officer was no doubt desirable and very sanitary but unless the executive arranged for proper protection to the delivery of the slaughtered animals being delivered to the proper persons, this procedure of removal by van would land them in trouble He suggested that this might be considered after they first constructed a slaughter house on proper lines, alloting separate stall for each butcher and also arranged for proper delivery of the slaughtered animals to the concerned parties

Mr C.N Narasinga Rao observed that all this would mean delay and that they might accept the proposals of the Health Officer now and call for proposals re the arrangements to be made as suggested by Mr G Nanjappa

Mr W H Hanumanthappa also supported the views expressed by Mr C N Narasinga Rao and Mr Ramalal Thiwari further supported them

Mr A J Khaleel opposed this on the ground that this would mean an additional levy of one anna on every sheep and thus it would affect the butchers But he agreed to the proposals if the levy of one anna was removed

Then the following resolution was passed by the House

Resolution - The proposals of the Health Officer are approved with the modification that the fee to be charged for such a delivery by van should be six pies per sheep instead of one anna as suggested by the Health Officer

To

The Municipal Commissioner,
Bangalore City.

Sir,

Subject. Transport of carcases in a closed van.

With reference to your letter No.A2-Gl.1095/45-46 dated the 25th January 1946, requesting sanction of Government to the resolution dated the 17th September 1945 of the Municipal Council in the matter of arranging the removal of carcases departmentally in a closed van, involving a non-recurring expenditure of s.10,000/- and a recurring expenditure of Rs.3,940/- per annum, etc., I am directed to observe that it is not quite clear why this arrangement should be undertaken by the Municipal Council.

2. In this connection, I am to forward herewith a copy of Government Order No.L.7383-4/Ml.106-45-25 dated the 25th January 1946, sanctioning the amendment of the Slaughter House Byelaw of the Mysore City Municipality, so as to provide for the carrying of mutton, beef, etc., in suitable covered vans or carts, together with a copy of the said byelaws and to enquire if, instead of the departmental arrangement as now proposed, it would not be sufficient to amend the Slaughter House Byelaws in force in Bangalore City so as to authorise the lessees of mutton stalls themselves to convey the carcases in covered vans, etc , as in the Mysore City Municipality. It may also be pointed out that, if the levy of a fee of six pies per carcase is to be enforced as now proposed, the byelaws require to be suitably amended after observing the prescribed formalities.

The definite opinion of the Municipal Council may be kindly obtained and forwarded to Government on the ~~xxx~~ above points early.

Proceedings of the meeting of the Council dated 18-2-1946

Sub.11 Letter No L 8036 dated 9-2-46 from the Revenue Secretary to Government in the matter of transport of carcasses in a closed van

---

Mr K Ambrose Ananda speaking on the subject said that no doubt the suggestion of Government to ask the butchers to see to the removal of carcasses in covered vans would minimise the work of the Municipality But when the Council discussed this question previously, they had practically held out a promise to the butchers etc that the relief would be given by the Municipality and had also raised the gate fee to 0-3-6 from 0-3-0 Hence it was but proper that they should stick up to their original proposal and see that the van is maintained by the Municipality

--

Resolution - The Council feels that the proposal made by it seems to be the best and sticks to its original resolution in this behalf The Health Officer to put up a suitable note and a reference made to Government

Sd/- H C Suryanarayana Rao,
Honorary President

(Copy)

Municipal Commissioner

hsr/-

Brief note on the departmental working of transport of meat carcasses from the slaughter houses to the various markets in the Station

Meat Vans -

Four meat vans with closed bodies (2 for beef and 2 for mutton) are provided for conveying beef and mutton carcasses and offal from the slaughter houses to the various markets in the Station

Staff, Equipments etc

The following staff are appointed for the purpose -

1) 4 lorry drivers @ Rs 35/- plus 16 D A each P M
2) 4 cleaners @ Rs 15/- plus 16 D A each P M
3) 4 meat checkers @ Rs 25/- plus Rs 16/- D A "
4) 24 meat carriers (16 for mutton and 8 for beef) @ Rs 15/- plus Rs 16/- D A P M.

The staff attached to the vans viz , Drivers, Cleaners, Checkers and meat carriers is under the direct control of the Veterinary Inspector for proper supervision and management of the work of meat transport

The daily report of the work done with special reference to the mileage, time, consumption of petrol, oil etc , the number of trips made each day, is properly recorded every day by the Veterinary Inspector or by his Assistant in the record book maintained for the purpose Record books kept with each meat van are open for inspection any time

The vans are left under the direct charge of the Veterinary Inspector and are housed at the Slaughter houses

The supply of all the requirements such as petrol, oil, Grease, etc and other minor equipments is indented by the Veterinary Inspector after first obtaining the permission of the Health Officer and bills are sent to the Health Officer duly verified for payment

Working hours, delivery of carcasses etc

All the four vans and the staff (drivers, cleaners etc) attend the slaughter houses by 4 A M so as to pick up the carcasses according to the identification marks

The loading of the meat vans is completed by 5 a m and carcasses delivered at the various markets before 7 a m daily

Similarly in the evenings all the vans are ready in the slaughter houses by 3 O'clock for the removal of both

All the checkers and meat carriers are present in the slaughter houses by 5 p m to prepare lists of carcasses belonging to different stall holders and markets

The Veterinary Inspector or his Assistant takes the muster at 4 a m and when all the staff are ready, he opens the hanging room and checks the carcasses with the checkers according to the lists prepared and obtains their signature on the number each is taking in the van he is in charge of

After unloading all carcasses in the respective stalls, these are handed over to the stall holders concerned and their signatures obtained If the stall holder is absent the market peon or the watchman takes charge of the carcasses and hands them over to the stall holder when he attends the stall

p t o

when he attends the stall.

The vans are back to the garage by 8-30 a.m. in the morning and 5 p.m. in the evening.

Vans are washed and kept clean after each use.

All complaints and reports regarding the absence of staff irregularities etc. are brought to the notice of the Health Officer for necessary action.

The approximate expenditure comes to Rs.23,000/- per annum.
